I. INTRODUCTION

On October 1, 2017, over 22,000 people came together to enjoy a country music festival in Las Vegas, Nevada. On the third and final night of the festival, a lone gunman opened fire into the crowd from the 32nd floor of the Mandalay Bay Resort and Casino. The gunfire continued for over ten minutes, resulting in the deaths of 58 innocent concert goers and injuring more than 700. With law enforcement closing in, the suspect took his own life.

It is not standard practice for the Las Vegas Metropolitan Police Department (LVMPD) to issue an investigative overview related to an open case. Due to the magnitude of this investigative response and the number of victims associated with this incident, Sheriff Joseph Lombardo felt it was important to author an overview of all investigative work accomplished in the aftermath of 1 October. This report is not intended to be a comprehensive and final account of the facts and evidence gathered but rather an overview of the investigation. The investigation into this incident is on-going and a full comprehensive report will be released upon its completion.

This report will reflect the number and identities of victims known to the Las Vegas Metropolitan Police Department to date. This information is vital in order to grant assistance, properly categorize the level of crime and most importantly, honor those who fell prey to this horrific act of violence.

The Las Vegas Metropolitan Police Department would like to recognize and thank all our local, state and federal law enforcement partners for their assistance with this investigation.

II. INCIDENT DETAILS

On October 1, 2017 Stephen Paddock began shooting into the crowd attending the Route 91 Music Festival from his hotel room on the 32nd floor of the Mandalay Bay. As a result, 58 people died and over 700 were injured. An extensive, joint investigation involving the LVMPD and the Federal Bureau of Investigation (FBI) began immediately after the incident. Every facet of Paddock's life was explored.

At the time of the incident Paddock was 64 years old. He owned residences in Mesquite and Reno, Nevada and lived with his girlfriend, Marilou Danley. Paddock had limited law enforcement contact and no criminal history.

Paddock embarked on numerous international trips beginning in 2012, these included trips to Europe, Asia and South America. Most of Paddock's international travel was unaccompanied. Paddock also took multiple cruises with destinations in the Bahamas, Alaska and Mexico.

Through interviews with Paddock's relatives and acquaintances investigators learned Paddock lived a seemingly normal life. He was married at least once and divorced. He worked as an accountant and in the family real estate business.

Event: 171001-3519

From 1982 through September of 2016, Paddock purchased 29 firearms. These purchases consisted of handguns, shotguns and one rifle. From October 2016 through September 2017, Paddock purchased over 55 firearms. Most of the firearms purchased from 2016 through 2017 were rifles in various calibers along with over 100 firearm related items through numerous retailers. The firearm related items included scopes, cases, bump stocks and ammunition.

The Ogden

On September 17, 2017, Paddock checked into The Ogden where he was booked through September 28, 2017 which overlapped his reservation at Mandalay Bay. The Ogden is a condominium complex located in downtown Las Vegas, Nevada. Paddock stayed in three different units during this time.

Paddock's stay at The Ogden coincided with the Life is Beautiful music festival. Similar to the Route 91 Music Festival, the Life is Beautiful event was held in an open air venue from September 22, 2017, through September 24, 2017.

While staying at The Ogden, Paddock exhibited behavior which was similar to his time spent at Mandalay Bay. Paddock left for long periods of time, returning to Mesquite, Nevada, flying to Reno, Nevada and traveling to Arizona. Paddock was observed numerous times gambling at downtown Las Vegas casinos. Paddock was also observed moving numerous suitcases from his vehicle to the various units he rented.

Mandalay Bay Hotel & Casino

On Monday, September 25, 2017, Paddock checked into room 32-135 of the Mandalay Bay Hotel and Casino with a scheduled check-out date of October 2, 2017. On Friday September 29, 2017, Paddock checked into room 32-134 which connected with room 32-135 via connecting doors.

From September 25, 2017, through October 1, 2017, Paddock transported multiple suitcases to his room on several occasions. Paddock also left the Mandalay Bay on multiple occasions for long periods of time, often returning to Mesquite, Nevada.

Route 91 Harvest Festival

October 1, 2017, was the final day of the Route 91 Harvest Festival held at the Las Vegas Village concert venue located at 3901 S. Las Vegas Boulevard. The site is an open air concert venue approximately 15 acres in size. It is bordered by Las Vegas Boulevard to the west, Reno Avenue to the north, Giles Street to the east and Mandalay Bay Road to the south.

The festival was a three day country music concert with multiple entertainers. On October 1, 2017, the concert began at 1500 hours. Jason Aldean, the last performer, was scheduled to take the main stage at 2140 hours. Over 22,000 people were attending the final day of the festival.

Incident

On October 1, 2017, at approximately 2118 hours, Mandalay Bay Security Officer Jesus Campos was assigned to check several Hotel Service Optimization System (HotSOS)¹ alarms from various rooms inside the hotel. Room 32-129 was the last of the rooms Security Officer Campos was assigned to check.

Security Officer Campos was on the 30th floor and responded to the 32nd floor via the stairwell in the north end of the 100 wing. Security Officer Campos attempted to enter the hallway to the 100 wing but the door would not open. He took the stairs to the 33rd floor and used the guest

elevator to access the 32nd floor. Once on the 32nd floor, Security Officer Campos entered the foyer leading to the stairwell. He discovered an “L” bracket screwed into the door and door frame which prevented it from opening. Security Officer Campos called his dispatch center with the house phone located in the foyer to report the discovery. The security dispatch center then called the engineering section to have the door checked.

Security Officer Campos heard what he described as a rapid drilling sound coming from room 32-135 after he hung up the phone. As he walked down the 100 wing hallway, Campos heard what he described as automatic gunfire coming from the area of room 32-135 and realized he had been shot in the left calf. He took cover in the alcove of rooms 32-122 and 32-124 and utilized both his cellular phone and radio to notify his dispatch he was shot. Security Officer Campos advised he was shot with a BB or pellet gun. While waiting for other security personnel to arrive Security Officer Campos continued to hear gunfire coming from the room.

Engineer Stephen Schuck finished fixing a leak in room 62-207 when he was directed to respond to the 32nd floor reference the bracket preventing the stairwell door from opening. Engineer Schuck used the service elevator in the 200 wing to access the 32nd floor. When he arrived on the 32nd floor, he gathered his tools and equipment and walked from the 200 wing to the 100 wing.

As Engineer Schuck walked up the hallway of the 100 wing, he observed Security Officer Campos poke his head out of an alcove. Engineer Schuck then heard rapid gunfire coming from the end of the 100 hallway which lasted approximately 10 seconds. When the gunfire stopped, he heard Security Officer Campos tell him to take cover. Engineer Schuck stepped into an alcove and gunfire again erupted down the hallway coming from room 32-135. The gunfire lasted a few seconds then stopped. The gunfire started again after a brief pause but Engineer Schuck believed it was directed outside and not down the hallway.

Inside the Las Vegas Village over fifty LVMPD personnel were on overtime assignments for the Route 91 Harvest Festival. The initial gunshots were heard on an officer’s Body Worn Camera (BWC). Officers and concertgoers initially believed the gunfire to be fireworks. As Paddock targeted the concertgoers with gunfire, officers quickly determined they were dealing with an active shooter and broadcast the information over the radio.

The crowd inside the Las Vegas Village started reacting to the gunfire and Jason Aldean ran off the stage. Officers and concertgoers began treating victims who were struck by gunfire. They also tried to get concertgoers out of the venue in a safe manner. Officers determined the gunfire was coming from an elevated position, possibly from the Mandalay Bay Hotel. Medical personnel were requested for multiple people struck by gunfire.

As the active shooter incident was occurring, two LVMPD officers were in the security office of the Mandalay Bay handling a call for service reference two females who were in custody for trespassing. The officers heard the radio broadcast of gunfire at the Route 91 Harvest Festival. Both officers, along with security personnel, exited the security office and responded towards the Las Vegas Village. As they were making their way through the casino, security personnel advised the officers of an active shooter on the 32nd floor of the hotel.² The officers then directed

security to escort them to that location. The officers and security personnel entered the Center Core guest elevators and were again advised the shooter was on the 32nd floor. The officers made a tactical decision to respond to the 31st floor and take the stairwell to the 32nd floor.

LVMPD officers converged on the Las Vegas Village and Mandalay Bay. Officers formed multiple Strike Teams and entered the Mandalay Bay from various entrance points. A team of officers including a Special Weapons and Tactics (SWAT) Operator reached the 32nd floor via the stairwell in the 100 wing. Officers did not hear gunfire coming from room 32-135. Officers were able to manually breach the “L” bracket on the stairwell door and gain access to the hallway. Officers immediately observed a food service cart which had wires running from it to room 32-134 and prepared themselves for the possibility of an Improvised Explosive Device (IED). The decision was made to use an explosive breach to make entry into room 32-135.

After a successful breach of the doors to room 32-135, officers entered the room and found Paddock deceased on the floor. Paddock appeared to have a self-inflicted gunshot wound to the head. Officers cleared the remainder of the room and observed multiple rifles in various locations throughout the room as well as hundreds of expended casings. A second explosive breach was utilized to gain access to room 32-134 through the connecting doors. Immediately after the breach a SWAT officer negligently discharged his rifle. Officers cleared room 32-134 finding several rifles in the room.

Officers, medical personnel, and concertgoers continued the evacuation of victims in the Las Vegas Village venue. Several triage sites were established in the venue and surrounding area. Injuries ranged from being minor in nature to fatal. Hundreds of wounded were transported to area hospitals by ambulance and privately owned citizen vehicles.

Living Victims

Documenting the living victims in this case has been a work in progress since October 1st. Source material poured into the LVMPD's Force Investigation Team (FIT) office post October 1st and is still being received.¹²

LVMPD recognizes that the approximate 22,000 people who attended the Route 91 festival are all victims. That number does not take into consideration the hundreds and possibly thousands that were walking along the Las Vegas Strip at the time of the shooting outside the Las Vegas Village venue. The goal of the FIT team was to document those who actually sustained any type of physical injury, no matter the degree. As previously stated in the introduction to this report, this information is vital in order to grant assistance, properly categorize the level of crime and most importantly, honor those who fell prey to this horrific act of violence..

IV. SUSPECT

An extensive joint investigation involving the LVMPD and the Federal Bureau of Investigation (FBI) began immediately after the incident into the life of Paddock. Every facet of Paddock's life was explored.

At the time of the incident Paddock was 64 years old. He owned residences in Mesquite and Reno, Nevada and lived with his girlfriend Marilou Danley. Danley was in the Philippines at the time of the incident. She left the country on September 14, 2017, and returned on October 3, 2017. Upon arriving in the United States, Danley was interviewed by investigators several times. Interviews were also conducted with other relatives and acquaintances reference Paddock's background.

Danley stated Paddock's demeanor changed over the course of the last year. According to her, Paddock had become "distant" and their relationship was no longer intimate. Paddock was described as "germaphobic" and had strong reactions to smells. Over the course of the last year Paddock began to buy firearms and Danley believed it was a hobby of his.

During a stay at the Mandalay Bay in the beginning of September 2017, Danley recalled Paddock behaving strangely. The two were staying in room 60-235 and she observed Paddock constantly looking out the windows of the room which overlooked the Las Vegas Village venue. Paddock would move from window to window looking at the site from different angles.

Paddock's ex-wife, Peggy Reiko Paddock, described Paddock as intelligent and great with numbers. She further stated he worked as an Internal Revenue Service Agent. Paddock later worked as an auditor for Lockheed Martin and Boeing. According to her, Paddock began purchasing real estate properties with his mother and renovating them. Paddock bought and sold numerous properties throughout the years and, as far as she knew, sold the last property in 2010.

¹² Source material consisted of information from local area hospitals, notes taken by Crime Scene Analysts who responded to local area hospitals to document the injured, voluntary statements from actual victims and witnesses, and lastly, incident crime reports filed by hundreds of victims who sustained injury but waited to travel home to receive medical care. Also included was a separate listing of victims provided by the FBI.

Paddock made numerous claims to friends and family that he consistently felt ill, in pain or fatigued. An interview was conducted with a physician in Las Vegas who identified himself as Paddock's primary care physician since 2009. He last saw Paddock as a patient on or around October 2016 for an annual checkup. He recalled the only major ailment Paddock had was a slip and fall accident at a casino approximately 3 years earlier, which caused a muscle tear.

The physician described Paddock as "odd" in behavior with "little emotion" shown. He believed Paddock may have had bipolar disorder however, Paddock did not want to discuss that topic further with him. Paddock also refused anti-depressant medication but accepted prescriptions for anxiety. He noted Paddock seemed fearful of medications, often refusing to take them. He did not believe Paddock was abusing any medications.

Most of the people interviewed acknowledged Paddock's gambling habits. Paddock was known to gamble tens of thousands of dollars at a time and played at numerous casinos. Paddock was often given complimentary rooms and meals at the casinos he frequented due to the amount of money he gambled.

From 1982 through September of 2016, Paddock purchased approximately 29 firearms. These purchases consisted of handguns, shotguns and one rifle. From October 2016 through September 2017, Paddock purchased over 55 firearms along with firearm related accessories. Most of the firearms were rifles of various calibers. With the exception of the revolver, every firearm recovered in the Mandalay Bay was bought after September 2016.

During the course of the investigation it was learned Paddock had very limited contact with law enforcement. Paddock was stopped by police on occasion for traffic related offenses receiving only traffic citations. No arrest history was found for Paddock.

V. WITNESS INTERVIEWS

The following information was taken from witness statements and compiled into a chronological description of the events.

On 10-01-2017, LVMPD had 51 personnel assigned to work special events overtime for the Route 91 Festival. The personnel staffing consisted of one lieutenant, five sergeants, forty-four officers and one civilian. The event had officers staffed from 1300-0100 hours with officers arriving and securing at various times.

The specific assignments for the event were West Traffic (1 sergeant, 10 officers), East Traffic (1 sergeant, 10 officers), Interior Entry / Gates (1 sergeant, 6 officers), Interior Early Squad (1 sergeant, 8 officers), Interior Late Squad (1 sergeant, 8 officers), Event Coordinator (1 officer) and Command Post (1 officer, 1 civilian). Event: 171001-3519

At approximately 2118 hours, Mandalay Bay Security Officer Campos was working his normal duties when he was notified of several HotSOS calls in the 100 Wing tower that he was assigned to monitor. The standard operating procedure for the Mandalay Bay security staff once an alarm is received is to call the room and attempt to contact the guest. If there is no answer, a security officer will be sent to check the door. These HotSOS calls are common and occur numerous times throughout the day. The security dispatcher will typically close the alarm out once a security officer is assigned. Security Dispatcher Brett Buck notified Security Officer Campos to check several HotSOS calls. Room 32-129 was last on his list to check.

Security Officer Campos was on the 30th floor and en-route to room 32-129 via the stairwell located at the north end of the 100 wing. Security Officer Campos attempted to enter the hallway of the 32nd floor through the small foyer and discovered the door was locked. The doors are always open due the stairwell being a fire escape and county codes require they remain unlocked at all times. The door has a handle but no locking mechanism.

Security Officer Campos stated he walked down the stairwell to the 31st floor, entered the hallway and walked to the Center Core. He used the guest elevator to go to the 32nd floor. Video surveillance showed Security Officer Campos actually went to the 33rd floor, then took a guest elevator down to the 32nd floor.

Security Officer Campos proceeded directly to the end of the 100 wing hallway, opened the inner door of the foyer entrance to the stairwell and observed the "L" bracket screwed into the door frame and door that opens into the stairwell. He realized this is what kept the door secured. Security Officer Campos utilized the house phone mounted inside the foyer to notify the security dispatcher of the bracket. The security dispatcher passed the call to the engineering section.

Security Officer Campos hung up the phone, heard what he described as a loud rapid drilling sound coming from room 32-135. He recalled the drilling sounded like it was coming from deep inside the room.

While walking toward the Center Core, Security Officer Campos heard gunfire coming from room 32-135 and ran down the hallway. Security Officer Campos realized he was shot in his left calf as he took cover in the alcove of rooms 32-122 and 32-124. Using both his radio and cell phone, Security Officer Campos advised the security dispatcher he had been shot in the leg with a BB / Pellet gun and was injured. He stayed in this position on the phone with the dispatcher while waiting for help. Security Officer Campos heard more gunshots coming from inside 32-135, but no rounds were coming down the hallway.

As country music singer Jason Aldean performed on stage, LVMPD officers working the interior of the event heard what they described as fireworks going off. Officer Hutchason and Special Events Coordinator Rodriguez, who were in the Command Post with security personnel, used the video monitors to look for the source of the noise. Upon recognizing the source of the noise to be gunfire, Coordinator Rodriguez directed all officers to change their radios to the CCAC radio channel. Coordinator Rodriguez monitored both the Events radio channel and CCAC radio channel throughout the incident.

Event: 171001-3519

LVMPD officers inside the Las Vegas Village recognized the sounds were coming from the southwest. Part of the crowd started to move towards the exits. Shortly after hearing the initial gunfire, LVMPD officers heard the first long burst of what they described as automatic gunfire. Once officers recognized the sound to be gunfire, they immediately searched for the gunman.

Security personnel along with LVMPD officers were in the security office of Mandalay Bay with two females being detained for trespass. They became aware via the radio of an active shooter call. Security Manager Oelke headed towards the Luxor side of the property when another call came over the radio that a security officer¹⁴ had been shot with a pellet gun in the tower of the Mandalay Bay.

Security Manager Oelke ran to the Center Core guest elevators of the Mandalay Bay and met with Security Managers Sottile, Umstott and LVMPD Officers Hendrex and Varsin. As they arrived at the elevators, Engineering Supervisor Shannon Alsbury was holding the elevator door open. Engineer Alsbury was using a key to lock out the elevator and keep it from being stopped by guests trying to get on. There was conflicting information on the exact location of the shooter(s) whether it was on the 31st, 32nd, or the 33rd floors. While on the elevator they decided to check all three floors.

As the door opened on the 31st floor, Security Managers Oelke and Umstott and LVMPD Officers Hendrex and Varsin exited and walked up the 100 wing upon hearing gunshots coming from an unknown direction. Security Manager Sottile and Engineer Alsbury continued to the 32nd floor on the elevator.

At the Las Vegas Village, LMVPD officers observed the crowd move away from the southwest portion of the venue. They believed an active shooter was in that area. As officers moved toward the stage they heard several more bursts of gunfire. Officers directed citizens to get on the ground as they looked for a gunman. As officers moved through the crowd, they observed several citizens wounded and deceased. Officer Polion advised LVMPD Dispatch of shots fired and multiple casualties. The radio traffic was accidentally broadcast on SEAC radio channel.

Officers assigned to the venue near Reno Avenue and Las Vegas Boulevard began to move south along the Boulevard. They believed the gunfire was coming from the south end of Las Vegas Village. As they moved southbound, officers directed civilians away from the area. The officers received direct gunfire and took cover behind a wall as bullets impacted around them. Between bursts of gunfire, officers continued to assist evacuating civilians and administering first aid to the wounded.

Officers assigned to the venue near Mandalay Bay Drive and Las Vegas Boulevard heard the initial gunshots followed by a long burst of gunfire. Detective Balonek, who was on Mandalay Bay Drive east of Las Vegas Boulevard, believed the gunfire was coming from inside the Las Vegas Village, or from an elevated position. He retrieved his binoculars from his vehicle and scanned the north facing tower of Mandalay Bay. Approximately three-quarters of the way up the tower on the north end, Detective Balonek observed a silhouette of a male standing in a shooting position several feet back from a window. Detective Balonek could see the smoke from the male shooting, however, no muzzle flashes were observed. Detective Balonek could not get

on the radio so he switched to the Northeast Area Command channel and broadcasted the shooters location.

At the same time inside Mandalay Bay, Engineer Schuck was in room 62-207 working on a leak when he was directed by his radio dispatcher and supervisor to respond to the 32nd floor stairwell in the 100 wing to remove the "L" bracket that Security Officer Campos had called and reported. Engineer Schuck utilized the 200 wing service elevator to go down to the 32nd floor. He gathered his drill and other small tools needed to remove the bracket and walked through the Center Core from the 200 wing to the 100 wing. Engineer Schuck walked approximately one third of the way up the hallway when he observed Security Officer Campos poke his head into the hallway from a space between two rooms on Engineer Schuck's right hand side.

Engineer Schuck heard the sound of rapid gunfire coming from the end of the hallway. Security Officer Campos looked out from his position and yelled for Engineer Schuck to take cover. Engineer Schuck immediately took a step to his left into the alcove between two rooms. Gunfire erupted down the hallway towards his direction. Engineer Schuck felt the concussion of the rounds pass by where he was taking cover. An unknown object struck him in his back without causing serious injuries other than a small bruise. Engineer Schuck also stated he could see blood coming from Security Officer Campos' calf area.

Below on the 31st floor, LVMPD Officers Varsin and Hendrex along with Security Managers Oelke and Umstott walked up the 100 wing when they heard gunfire coming from the 32nd floor. They moved to the stairwell at the end of the hall. As they got closer to the stairwell, the gunfire continued and they smelled gunpowder. They entered the 100 wing stairwell and proceeded up to the door of the 32nd floor. They posted up to block any possible escape by the shooter.

Detective Clarkson, assigned to the event in uniform, was on Las Vegas Boulevard north of Mandalay Bay Drive when he heard the initial shots and radio traffic advising of multiple casualties inside of the Las Vegas Village. Detective Clarkson and other officers took cover and began searching for the shooter believing the shots were coming from the west. As patrol cars and a prisoner transport van arrived at the intersection, Detective Clarkson and other officers moved towards the vehicles for cover with the intention to move to Mandalay Bay.

CCAC patrol officers responded to the scene to assist. Officers Cook and Haynes arrived near Las Vegas Boulevard and Mandalay Bay Drive and parked their patrol vehicle. Officers Cook and Haynes moved towards the group that Detective Clarkson was with.

As the officers moved behind the patrol vehicles, they started receiving direct gunfire which impacted the ground and patrol vehicles around them. Detective Clarkson received a gunshot wound to the neck while taking cover behind a patrol vehicle. Officer Cook was struck by a bullet in his right bicep that continued into his chest.

While behind the vehicles, the officers realized the gunfire was coming from an elevated position and was directed at the patrol vehicles. During breaks in the gunfire, officers moved in teams of two from the patrol vehicle to a block wall for better cover. Detective Clarkson and Officer Cook were both transported to the hospitals by separate LVMPD vehicles.

As the gunfire continued, officers inside the event moved through the Las Vegas Village and provided direction for people trying to exit. This included the actions of Officer Hartfield who was attending the concert in an off-duty capacity and was mortally wounded while taking police action. Officers located wounded persons and began first aid measures and coordinated medical efforts with off-duty medical personnel who were attending the concert.

Officers also directed people to the exits and towards positions of cover and concealment. Exterior officers on the east side of the Las Vegas Village were swarmed by people as they fled the gunfire. Officers directed them to continue east and north as they recognized the gunfire was coming from Mandalay Bay. As officers began to encounter wounded civilians, casualty collection points were set up and first aid was rendered. Officers assisted in getting the wounded to hospitals via ambulances, private vehicles and patrol cars.

Exterior officers on the west side of the Las Vegas Village along Las Vegas Boulevard encountered people as they fled the venue. Officers knew the gunfire was coming from Mandalay Bay and directed people to stay behind cover and move to the north, away from gunfire. Officers encountered several wounded people and provided first aid until they could be taken to medical personnel. As officers moved south they formed Strike Teams and moved towards Mandalay Bay.

Sergeants Richmond, Riddle, and Van Nest each formed Strike Teams from overtime officers and patrol officers responding to the venue. The Strike Teams moved west across Las Vegas Boulevard and into the parking lot of the Luxor Hotel, then south onto the Mandalay Bay property. Upon entering Mandalay Bay, Strike Teams coordinated efforts with other LVMPD officers and security personnel already inside the casino.

As Strike Teams entered the hotel through the main valet, they met hotel security and were directed to the Center Core guest elevators. Each group was given information the shooter was possibly on the 29th or 31st floors and taken there by elevator. After each group of officers were taken to the upper floors, they instructed the hotel security guards to lock out the elevators. A Strike Team, which included two SWAT officers, was taken to the Foundation Room located on the top floor. Once inside the bar, officers began to move occupants to a safe location and clear the bar.

On the 32nd floor, Security Officer Campos and Engineer Schuck were still pinned down in the hallway. Engineer Schuck heard another round of rapid gunfire and believed it was being fired towards the outside of the building. During a small break in the gunfire, Engineer Schuck and Security Officer Campos ran from their position back towards the Center Core. Engineer Schuck was checked for injuries by Engineer Alsbury who arrived on the 32nd floor with armed Mandalay Bay Security Officers. Engineer Schuck stated the gunfire continued for several more long rapid fire volleys with short breaks between volleys. He described the breaks in fire lasting only 5-6 seconds before the gunfire would continue.

As LVMPD officers arrived on the 32nd Floor, they proceeded up the 300 wing, officers made entry into rooms and searched for occupants. Engineer Schuck redirected the officers to the 100 wing where the shooting had been coming from. The sound of gunfire had ceased so the officers conducted slow and methodical evacuations as they moved up the hallway.

Event: 171001-3519

After hearing the update of the shooters location, SWAT Officer O'Donnell and two patrol officers left the group clearing the Foundation Room and responded to the 32nd floor. Upon exiting the elevator, they encountered several officers already on the floor. The officers were moving up the hallway towards the suspect's room.

Engineer Shuck locked out the elevators to keep guests from ascending the tower.

Police personnel on the 32nd floor included a sergeant, SWAT officer, and patrol officers from the Las Vegas Village and responding officers from various area commands. As occupants were evacuated from their rooms, they were moved to the elevator bank and down the tower. Officers discovered a small infant alone in one of the rooms. As evacuations continued, the nanny for the infant was located in a room across the hall and reunited with the child. The officers stopped evacuations approximately two thirds of the way up the hall.

At the Las Vegas Village, people who were hiding in multiple locations were evacuated. Officers located several people hiding underneath the concert stage and inside tour buses located next to the stage. Additional teams of officers arrived and swept the remaining areas of the Las Vegas Village. Once evacuations were completed, the scene was secured around the Las Vegas Village.

SWAT Officer Hancock, along with K9 Sergeant Bitsko and K9 Officer Newton went to the 31st floor and came up the stairs to the 32nd floor. At the door, they met with LVMPD Officers Hendrex and Varsin and Mandalay Bay security personnel. Officer Hancock attempted to open the first of two doors to enter the hallway but could not due to the "L" bracket described earlier.

After the Strike Team arrived in the stairwell, SWAT Officer Hancock and K9 Sergeant Bitsko manually breached the inner door leading to the foyer of the 32nd floor. From the foyer, the door was cracked open enough to see the doors to rooms 32-135 and 32-134. Both doors were closed and a room service cart was located in front of room 32-134. A white table cloth was draped over the service cart with various items on top of the table cloth. Officers observed wires leading from the service cart to room 32-134 and believed the suspect may have set some type of improvised explosive device.

A decision was made to enter room 32-135 utilizing an explosive breach. Officers in the stairwell notified the officers in the hallway that an explosive breach would be utilized. Over the radio they became aware of the extent of injuries inside the Las Vegas Village. No gunfire had been heard from the suspect's room for approximately 40 minutes. It was decided entry was necessary to the room to determine if the suspect was still inside and to stop any further shooting from the room. SWAT Lieutenant Huddler was advised by SWAT Officer Hancock that the door to room 32-135 was going to be breached using explosives. K9 Officer Newton stepped into the hallway and utilized a ballistic shield to provide cover for SWAT Officer Hancock as he set the breach on the door while K9 Sergeant Bitsko covered the door to 32-134. K9 Sergeant Bitsko observed a camera on the food cart in the hallway. He covered the camera, and turned it away from the doorway while Officer Hancock hung the explosive on the door to room 32-135. Once the charge was hung on the door, the officers returned to the stairwell.

The approval for the breach was given by SWAT Lieutenant Huddler. The officers were notified over the radio, the door to room 32-135 was going to be breached and to take cover. K9 Sergeant Bitsko utilized the ballistic shield to keep the door from the foyer to the hallway open in case the explosion damaged it. SWAT Officer Hancock observed approximately 12 officers now in the stairwell behind him. He designated those that would be making entry into the suspect's room and others would be the downed officer rescue unit if needed.

The entry team consisted of K9 Sergeant Bitsko, K9 Officer Newton, SWAT Officer Hancock, Officers Donaldson, Trzpis and Walford. Officers Burns and Thiel were assigned to post at the door upon the team's entry to guard the hallway. The explosive breach was made into room 32-135 and broadcasted over the radio. The officers opened the stairwell door enough to see the doorway to 32-135 and observed the breach was successful and the door was open into the room. Inside the room, they observed a rifle with a scope and bipod on the floor just inside the door. The officers waited for approximately 30 seconds before leaving the stairwell to see if there was any reaction from Paddock.

Moving slowly and methodically, K9 Officer Newton entered first into the hallway with the shield followed by the officers from stairwell. SWAT Officer O'Donnell and Officer Magsaysay joined the Strike Team as they entered Paddock's room.

From behind the shield, the Strike Team made entry into room 32-135. The team split into 2 teams as they entered. Team 1 went left into a bedroom and cleared it. Team 2 went to the right and yelled Paddock was down. After clearing the bedroom, Team 1 held at the doorway into the main living area of the room.

Team 2 encountered Paddock lying on the floor on his back. A small frame revolver was observed on the ground above Paddock's head. Apparent blood was located on the revolver and a pool of blood had formed around Paddock's head. The officers believed Paddock had a self-inflicted gunshot wound. The large window at Paddock's feet was broken out and the curtain was blowing into the room. On the floor next to the Paddock's feet was a small sledge hammer and Paddock was laying on top of a rifle. The officers also observed several more rifles, spent ammunition throughout the living area, and several loaded magazines.

Team 2 continued through the living area to the right and encountered a closed, locked connecting door leading to the adjoining room 32-134. Team 1 moved through the living space up to Team 2 near the closed connector door. SWAT Officer Hancock and Officer Walford attempted to kick the door open but determined it was a solid wood door inside a metal frame. It was decided a second explosive breach was needed to gain entry into the adjoining room.

SWAT Officer Hancock breached the door. Immediately following the explosive breach, SWAT Officer O'Donnell, had one negligent discharge of a three round burst from his rifle. Officers in the hallway heard the shots fired and broadcasted shots had been fired inside the room. Officers flooded into room 32-134 through the breached adjoining connector door.

As room 32-134 was cleared, several rifles were found inside the room. A small hallway separated the main area of the room from the bathroom and main door. Another food service cart draped in a white table cloth was in this hallway. On the cart was a laptop computer which

was on and the monitor showed a live feed of the hallway where the officers had come from. Inside the room, one of the large windows was also broken out.

A complete recheck of the rooms was made to ensure a person was not hiding under any furniture. Several suitcases were observed throughout the rooms. Many of the suitcases contained several loaded magazines. Officers also observed a camera attached to the peephole on the main door of room 32-135. Once the recheck was completed, the SWAT and K9 officers left the room due to reports of other shootings at other locations.

Sergeant Matchko was in the hallway and entered the rooms once they were cleared. Along with officers still in the room, Sergeant Matchko secured the crime scene. Sergeant Matchko was contacted by the command post and advised to attempt to locate any information reference Paddock. Sergeant Matchko directed officers to look throughout the room in an attempt to locate any cell phones or identification for Paddock. Identification and cellular phones were located, as well as several room keys and player cards with Paddock and Danley's name on it. Pictures of the items were taken and sent to the command post as ordered. The officers also rolled Paddock onto his side to check for identification but found none. After the search for identification was completed, the officers exited and secured the room.

As officers cleared the Las Vegas Village, multiple reports of active shooters along Las Vegas Boulevard at various hotel properties were broadcasted. Several officers from the exterior Las Vegas Village posts joined Strike Teams and left to address those reports. As the active shooter reports were cleared and determined to be unfounded, officers assigned to the Las Vegas Village responded back to the command post for reassignment.

Officers assigned to the Las Vegas Village remained on post until they were relieved the next morning. Officers maintained the security of the Las Vegas Village and the 32nd floor of the Mandalay Bay crime scene as detectives and Crime Scene Analysts responded and began the investigation.

VI. SCENE DESCRIPTIONS

Route 91 Venue

Responsibility for documenting the venue scene was transferred from the LVMPD Homicide Section to the FBI Evidence Recovery Team on October 2, 2017 at approximately 1445 hours. The following scene description of the Las Vegas Village venue was authored by the LVMPD Homicide Section.

The Route 91 Harvest Festival was an open air music event held at the Las Vegas Village. The festival was dimly lit with street lights, variable stage lighting and lights from temporary light stands on the perimeter. There was a chain link fence, with dark netting surrounding the entire venue. On the west perimeter of the venue there was a decorative concrete block wall between Las Vegas Boulevard South and the chain link fencing. This wall ran nearly the entire length of the west side of the venue, from East Mandalay Bay Road to East Reno Avenue.

The surface of the venue consisted of black asphalt, with defined seating areas covered with artificial grass on both the northwest and south ends of the venue and vendors throughout. The northwest artificial grass area was used for lawn chair seating. The large artificial grass areas on the southern end was surrounded by seating, food vendors and portable bathrooms. A large seating area with elevated bleachers and a covered VIP area was oriented near the southwest corner of the venue. Four (4) pedestrian gates ran along the west side of the venue.

The Coca-Cola suites, additional seating areas, vendors, the medical tent and three (3) pedestrian gates were located on the east side of the venue. The event's Command Post (CP), a television broadcast tent and one (1) pedestrian gate were oriented on the north end of the venue.

The main stage was oriented on the south side of the venue. The main stage was covered by green roofing and the sides were covered with black mesh. The main stage viewing area was located in the southern portion of the venue, north of the main stage and was divided into two (2) seating areas by metal pedestrian fencing. The fencing ran from a production tent, located in the center of the viewing area, and eventually encompassed the main stage. In addition to the fencing separating the east and west side grass areas, the production tent and vendors, helped to define the two (2) areas. Production vehicles, concert buses, and trailers were oriented south of the main stage.

Location and Description of the Bodies

A total of thirty one (31) bodies were located, documented, and eventually recovered from the inside of the venue and on the exterior perimeter. Clark County Coroner Investigators responded and assisted the LVMPD Homicide Detectives and Crime Scene Analysts conduct the preliminary death investigations. Each victim was given an individual Clark County Coroner's Case and Seal Number. The time of death was determined to be 0545 hours for those recovered from the venue and exterior perimeter. Davis Funeral Home responded and transported the deceased to the CCOCME for a complete examination.

There was damage to the south adjoining door frame¹⁸ and the damaged door was on the floor inside room 32-134. The main entry door to the room was west facing, accessing the hallway. A room service cart with an open laptop computer on the east end was in the entry hallway, east

¹⁵ This was the same note originally located on the table near Paddock's body. The wind blew it off of the table to this location.

¹⁶ These casings came from the SWAT Officer's rifle.

¹⁷ These bullet holes came from the SWAT Officer's rifle.

of the entry door. There were wires connected from the laptop that ran under the entry door. There was a video feed visible on the laptop of the hallway looking south from the previously described black "Logitech" camera attached to the hallway room service cart.

The room was furnished with two beds with a nightstand in between along the south wall, a desk, dresser, and chair along the north wall, a television mounted on the north wall, and floor to ceiling windows on the east. The southernmost window was shattered with glass on the floor below it. There were nine loaded rifle magazines on top of the dresser. The dresser drawers were open and the bottom was broken. There were three rifles with bipods on the east bed and several casings. One cartridge case was on the floor west of the east bed. There were two rifles on the west bed, one of which was a bolt action. A pair of black gloves was on the west side of the west bed. A pair of tan sandals were on the floor north of the west bed. A bullet hole was in the north wall corresponding with a hole in the south wall of the living room, and one bullet hole was in the comforter at the north end of the east bed.

There were two closets along the west wall with the door to the attached southwest bathroom. The bathroom had a sink counter along the south side and tub to the north. Clothing was on the floor under the sink counter along with a trashcan. There was a snorkel tube located inside the trashcan.

Synopsis

On October 6, 2017, detectives from the LVMPD along with a LVMPD Crime Scene Analyst, attended the autopsy of Stephen Paddock at the CCOCME. Also present were members of the FBI Evidence Recovery Team who retained all collected evidence.

The exam room was secured by Clark County Coroner, John Fudenberg. Forensic Pathologist Doctor Lisa Gavin performed the autopsy with one assistant.

The decedent was x-rayed, photographed and cleaned prior to Doctor Gavin's exam. Preliminarily, the injuries noted were on the posterior of both calves and a gunshot wound to the upper palette inside the decedent's mouth with obvious damage to the upper teeth.

The cause of Paddock's death was an interoral gunshot wound and the manner of death was ruled a suicide.

IX. INVESTIGATION

Mandalay Bay Hotel Room

LVMPD officers located several documents, to include photographs, identifying Paddock as the suspect who was lying on the floor with an apparent gunshot wound to the head. Also located inside the room investigators found documentation related to Danley who was later identified as the longtime girlfriend of Paddock.

Located throughout the 100-wing hallway from the double doors of room 32-135 to the alcove wall of room 32-105 were over 200 bullet strikes. The bullet strikes consisted of actual impacts and holes. These strikes were caused by approximately 35 rounds fired down the 100-wing from inside of room 32-135.

Law Enforcement and the CCOCME took custody of Paddock's body. The body was photographed and transported to the CCOCME where an autopsy was conducted.

The room was secured for evidence recovery. The FBI Evidence Recovery Team responded and took the lead role on documentation and recovery of all evidence inside the hotel rooms and hallway.

Located inside the master bedroom of suite 32-135 were hand drills, drill bits, several miscellaneous tools, and equipment Paddock used to drill holes, run wires, and set up surveillance cameras that showed the 100 wing hallway. Inside the bedroom were several empty ammunition boxes, live rounds, loaded rifle magazines, duffle bags, suitcases, two laptop computers (one of which was broken and missing the hard drive), snorkeling kit bag, diving mask, circular glass cutter with suction cup and miscellaneous personal items.

Located throughout the main living area of the suite were 18 rifles, one handgun, rifle casings, and loaded magazines. A blue plastic tube, was fashioned with a fan on one end and snorkel mouthpiece on the other end. A spotting scope on a tripod was on the floor near Paddocks body and a slip of paper was on a small table with hand written distances on it. Several suitcases and bags were throughout the main room containing personal items and loaded rifle magazines. A laptop computer was located on the bar and connected to a live feed camera attached to the peephole of the main door to suite 32-135.

Room 32-134 was an adjoining room to suite 32-135 used by Paddock. Located inside the room were five rifles, casings, live ammunition and several loaded magazines. A pair of gloves were located on one of the beds and sandals were located on the floor near the bed. Inside the bathroom, a snorkel tube was located in the trash. A room service receipt and a cardboard box with mailing labels was also located in the bathroom. In the walkway leading to the door to the main hallway was a food service cart. A laptop computer was located on the food service cart. It was connected to two live feed cameras and a battery pack with wires connecting it to the cameras on the food service cart in the 100 wing hallway.

All evidence located and recovered inside suite 32-135 and room 32-134 indicated Paddock was capable of watching people in the hallway. There was no suicide note or manifesto located inside either room.

Paddock's Vehicle

Paddock's vehicle was located in Mandalay Bay East Valet, 2nd floor, space 317 by investigators. The vehicle a 2017 Chrysler Pacific bearing Nevada plate 79D401 had been backed into space 317 and was locked. The key for the vehicle was obtained from valet.

A search warrant was obtained and at 0325 hours, detectives with the LVMPD All-Hazard Regional Multi agency Operations and Response Section (ARMOR) broke a window to the vehicle, to allow an explosive detection dog access to the scent from inside the vehicle. A U.S. Marshall explosive detection K9 moved around the vehicle and gave an alert to the presence of explosive precursors.

Detectives secured the area on the belief there were explosive precursors within the vehicle. ARMOR detectives requested LVMPD dispatch notify the Las Vegas Fire and Rescue Chemical, Biological, Radiological, Nuclear and Explosive Task Force (CBRNE) respond. Las Vegas Fire Rescue responded with their CBRNE vehicle along with FBI bomb technicians. Located inside the vehicle were five bags which were x-rayed and removed by the FBI.

Upon rendering the vehicle safe, the vehicle and all items located inside were photographed. All items removed from the vehicle were placed back inside and the vehicle was sealed. The vehicle was subsequently towed from the Mandalay Bay Hotel to a secure FBI facility for a thorough search and evidence collection.

Evidence collected from inside Paddock's vehicle included loaded rifle magazines for both AR-15 and AR-10 style rifles. Also collected were 20 two pound containers of exploding targets, 10 one pound containers of exploding targets and 2 twenty pound bags of explosive precursors.

Paddock's Mesquite Residence

LVMPD detectives responded to Paddock's residence in Mesquite, Nevada. The residence was located at 1372 Babbling Brook Court. Detectives obtained and served a search warrant at this location. Inside the residence, seven shotguns, five handguns, six rifles, exploding targets, firearm ammunition, rifle magazines and computer related items were recovered. These items were impounded and turned over to the FBI for processing.

Paddock's Reno Residence

FBI Agents responded to Paddock's residence in Reno, Nevada. The residence was located at 1735 Del Webb Parkway, Reno, Nevada. Agents obtained and served a search warrant at this location. Inside of the residence were two shotguns, five handguns, firearm ammunition, rifle magazines and computer related items. The items were recovered by the FBI for processing.

Search Warrants and Legal Notices

The investigative process required information to be obtained from numerous sources and venues to include but not limited to:

- Hotels and Casinos
- Firearms related businesses
- Residences of Stephen Paddock
- Vehicles of Stephen Paddock
- Internet providers
- Telephone companies
- Online retail businesses
- Email companies

During the course of the investigation law enforcement authored approximately 1,062 legal notices. These legal notices were to obtain information or items from venues related to the investigation. These legal documents included but are not limited to:

- Administrative Subpoenas
- Court Orders
- Search Warrants
- Grand Jury Subpoenas

Law Enforcement Tips and Leads

All tips or items that needed to be investigated or followed up were coordinated by the FBI and the LVMPD. These leads were tracked using the Operational Response and Investigative Online Network or ORION system through the FBI.

Investigators conducted interviews with 43 people directly associated with Paddock. These included 24 gambling associates, 11 acquaintances and 8 blood relatives.

X. PRELIMINARY FINDINGS FROM THE 1 OCTOBER INVESTIGATION

Investigators determined key findings as a result of this investigation:

- Paddock acted alone. Thousands of hours of digital media were reviewed and after all the interviews conducted, no evidence exists to indicate Paddock conspired with or acted in collusion with anybody else. This includes video surveillance, recovered DNA¹⁹ and analysis of cellular phones and computers belonging to Paddock.
- No suicide note or manifesto was found. Of all the evidence collected from rooms 32-135 and 32-134, there was no note or manifesto stating Paddock's intentions. The only handwritten documentation found in either room was the small note indicating measurements and distances related to the use of rifles.
- There was no evidence of radicalization or ideology to support any theory that Paddock supported or followed any hate groups or any domestic or foreign terrorist organizations. Despite numerous interviews with Paddock's family, acquaintances and gambling contacts, investigators could not link Paddock to any specific ideology.
- Paddock committed no crimes leading up to the October 1st mass shooting. All the weapons he purchased to include all the ammunition, were purchased legally. This includes all the purchases Paddock made at gun stores as well as online purchases. Paddock did not commit a crime until he fired the first round into the crowd at the Las Vegas Village.
- Reference the 1,965 investigated leads, 21,560 hours of video, 251,099 images obtained and 746 legal notices filed or sent, nothing was found to indicate motive on the part of Paddock or that he acted with anyone else.
- Security Officer Campos was not shot with a BB gun but rather sustained a gunshot wound from one of the rounds fired by Paddock down the hallway of the 100 wing on the 32nd floor. Security Officer Campos did in fact have a pre-planned vacation to Mexico to go visit his father and Security Officer Campos asked law enforcement for permission to make this trip.

- One aspect of the investigation focused on Paddock's financials. The investigation proved Paddock was self-funded through his gambling and past real estate transactions. He was indebted to no one and in fact paid all his gambling debts off prior to the shooting.
- The investigation revealed several indicators of intent on the part of Paddock. Those indicators are as follows:
 1. Paddock had a reservation for a hotel during the Lollapalooza music festival held at Grant Park in Chicago, Illinois during the month of August. Like Route 91, the Lollapalooza festival was held in an open air venue. Paddock specifically requested a room overlooking the venue when he made the reservation. The reservation was cancelled two days prior to the check-in date.
 2. Paddock made lodging reservations during the Life is Beautiful music festival held in Downtown Las Vegas, Nevada. The festival was also an open air music venue attended by thousands of people. Paddock requested units overlooking the venue. Paddock reserved three different units during the period and all faced the venue. Paddock was observed in video surveillance transporting several suitcases from his vehicle to the units he reserved. Paddock was alone for the trip and was never accompanied by anyone for more than a casual conversation. Investigators have been unable to determine if Paddock intended an attack during this festival or if he used it as a means to plan a future attack.
 3. Paddock conducted several internet searches while planning his actions. Search terms included open air concert venues, Las Vegas SWAT tactics, weapons and explosives. Paddock also searched for various gun stores.
 4. The purchasing of over 55 firearms, which were mostly rifles in various calibers, from October 2016 – September 2017. He also bought over 100 firearm related items through various retailers during that period.
 5. During a stay in early September 2017, Paddock requested specific rooms that overlooked the Las Vegas Village. According to Danley, Paddock spent time looking at the Las Vegas Village venue from different angles and windows while inside the room.
