Mary Rose - I wanted to personally thank you for your extraordinary work over the last couple of weeks. I felt privileged to be able to play a part in making the Sandy Hook moment happen at Super Bowl.

Among the many memories you helped create, the attached photo of you with JayZ is one I know you wanted me to forward on.

I truly hope the NFL was able to help you and your community in some small way, and please let me know if you feel there is anything more we can do to help.

Yours, Mark Waller

Chief Marketing Officer,  
National Football League.

Dear Mark,

I thank you! Thanks to the NFL our children were able to represent our school and community in a positive way to the world. The hundreds of beautiful emails coming to all of us from our town and the world have been inspiring. People were touched to see our beautiful children smiling with hope for the future. It was an emotional experience for all of us.

I thank you and everyone from the NFL for taking such good care of us. The children and adults felt special and loved. I felt everyone we met and everyone who worked with us was kind, caring and helpful. We made many friends along the way. I would especially like to thank Danielle, Lisa and Anne. I also thank you for everything that was planned for our children. They had a blast.

I am so proud of the children. They truly were able to be themselves and enjoy their performance. (Always my goal) I loved being with them and looking at their happy faces while we shared our music with so many. I am humbled by the NFL's gift to our school. Thank you from the bottom of my heart.

Thank you also for the photo with JayZ. I would appreciate any photos and video you have. My

DVR broke while we were away so I did not even get a recording of our performance, just internet feed.

With much admiration,  
Maryrose

Maryrose- good to hear from you.

Lisa is going to be sending you DVD copies of the performance, so you will have something permanent to remember everything by.

I have attached a brief video of Beyonce with the kids and will send you more. I would ask that these not be posted publicly- YouTube etc- as we don't have rights and, more importantly, I want to protect the privacy and intimacy of the moment. I am sure you agree.

More to follow.

Kind Regards, Mark.
